|----------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Section 2 : Chemical Information |                                                                                                                                                                      |
| Chemical Name                    | (3S,8S,9S,10R,13R,14S,17R)-10,13-Dimethyl-17-((R)-6-methylheptan-2-yl)-2,3,4,7,8,9,10,11,12,13,14,15,16,17-tetradecahydro-1H-cyclopenta[a]phenanthren-3-yl octanoate |
| CAS No.                          | 1182-42-9                                                                                                                                                            |
| Synonyms                         | Cholesterol n-Octanoate                                                                                                                                              |
| Molecular Weight                 | 512.9                                                                                                                                                                |
| Molecular Formula                | C35H60O2                                                                                                                                                             |

|                                    |             |
|------------------------------------|-------------|
| Section 3 : Hazards Identification |             |
| <b>Emergency Overview:</b>         |             |
| Appearance                         | White Solid |
| Target Organs                      | NA          |
| <b>Potential Health Effects:</b>   |             |
| Eye                                | NIL         |
| Skin                               | NIL         |
| Ingestion                          | NIL         |
| Inhalation                         | NIL         |
| Chronic                            | NIL         |

|                   |
|-------------------|
| Hazard Statement: |
|-------------------|

|                                                                                                                                                    |
|----------------------------------------------------------------------------------------------------------------------------------------------------|
| H302:Harmful if swallowed.                                                                                                                         |
| H312:Harmful in contact with skin.                                                                                                                 |
| H315:Causes skin irritation.                                                                                                                       |
| H319:Causes serious eye irritation.                                                                                                                |
| H332:Harmful if inhaled.                                                                                                                           |
| H335:May cause respiratory irritation.                                                                                                             |
| Precautionary Statement:                                                                                                                           |
| P261:Avoid breathing dust/fume/gas/mist/vapours/spray.                                                                                             |
| P262:Do not get in eyes, on skin, or on clothing.                                                                                                  |
| P271:Use only outdoors or in a well-ventilated area.                                                                                               |
| P280:Wear protective gloves/protective clothing/eye protection/face protection.                                                                    |
| P302 + P352:IF ON SKIN: Wash with plenty of water                                                                                                  |
| P304 + P340:IF INHALED: Remove person to fresh air and keep comfortable for breathing.                                                             |
| P305 + P351 +P338:IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. |
| P308 + P313:IF exposed or concerned: Get medical advice/attention.                                                                                 |

|                                |                                                                                  |
|--------------------------------|----------------------------------------------------------------------------------|
| Section 4 : First Aid Measures |                                                                                  |
| Eye                            | Wash with plenty of water                                                        |
| Skin                           | Wash with plenty of water                                                        |
| Ingestion                      | Medical assistance for gastric lavage.                                           |
| Inhalation                     | Remove to fresh air, artificial respiration or oxygen if necessary.              |
| Notes to Physician             | Cholesteryl Caprylate can be washed with plenty of water in case of any exposure |

|                                    |                                                   |
|------------------------------------|---------------------------------------------------|
| Section 5 : Firefighting Measures  |                                                   |
| Extinguishing Media                | Carbon dioxide, dry chemical powder, foam, water. |
| Unusual Fire and Explosion Hazards | None indicated                                    |

|                                         |                                                                |
|-----------------------------------------|----------------------------------------------------------------|
| Section 6 : Accidental Release Measures |                                                                |
| Personal Precautions                    | Wear self-contained breathing apparatus, avoid dust formation. |
| Spills/Leaks                            | Wash with plenty of water, provide adequate ventilation.       |

|                                   |  |
|-----------------------------------|--|
| Section 7 : Handlings and Storage |  |
|-----------------------------------|--|

|          |                      |
|----------|----------------------|
| Handling | Wear surgical gloves |
| Storage  |                      |

|                                                    |                                    |
|----------------------------------------------------|------------------------------------|
| Section 8 : Exposure Controls, Personal Protection |                                    |
| Respiratory Protection                             | Self-contained breathing apparatus |
| Exposure Limits                                    | NA                                 |
| Eye Protection                                     | Wear safety goggles                |
| Other Protective Equipment                         | Protective clothing                |
| Skin                                               | Full sleeves apron                 |
| Clothing                                           | Cotton                             |

|                                              |                      |
|----------------------------------------------|----------------------|
| Section 9 : Physical and Chemical Properties |                      |
| Appearance                                   | White Solid          |
| Odor                                         | Odor less            |
| Melting Point                                | NA                   |
| pH                                           | Basic                |
| Vapor Pressure                               | NA                   |
| Vapor Density                                | NA                   |
| Evaporation Rate                             | NA                   |
| Viscosity                                    | NA                   |
| Boiling Point                                | NA                   |
| Decomposition Temp                           | NA                   |
| Auto ignition Temp.                          | NA                   |
| Flash Point                                  | NA                   |
| NFPA Rating                                  | NA                   |
| <b>Explosion Limits</b>                      |                      |
| Lower                                        | NA                   |
| Upper                                        | NA                   |
| Solubility                                   | Chloroform, Methanol |
| Specific Gravity/Density                     | NA                   |

|                                       |  |
|---------------------------------------|--|
| Section 10 : Stability and Reactivity |  |
| Chemical Stability                    |  |

|                                        |                        |
|----------------------------------------|------------------------|
| Conditions to avoid                    | Direct contact to skin |
| Incompatibilities with other Materials | Keep away              |
| Hazardous Decomposition Products       | NIL                    |
| Hazardous Polymerization               | NIL                    |

|                                        |     |
